Opening Ceremony and Welcome

8:15am to 9:45am

Opening Keynote Speaker: Dr. Melissa Brymer -
School Staff/Educator Resilience and Self-care

9:45am to 10:00am

AM Break to visit Exhibitors

10:00am to 11:30am

Presentation of 4 concurrent speaker workshops

1) Safeguarding Your Children: An Overview of Personal Cybersecurity, Geolocation, & Social Media Trends From a Law Enforcement Perspective - Detective Jeff Williams

This workshop will give you the tools to ensure safer access to the web for children by giving you tips to monitoring their online activity, account protection, and safeguarding geolocation. You'll get an overview of sexting, cyberbullying, and current trends on social media: what are the popular apps and sites plus a discussion of what kids are being exposed to and who they're talking to online. Detective Williams will also touch on what the laws are in relation to these topics plus information on what data can be recovered by law enforcement (is it really deleted?). Finally, he'll give an overview of a typical criminal investigation.

2) Developing a Multi-Tiered Systems of Support Approach - Todd Wester

This workshop will discuss developing a Multi-Tiered Systems of Support approach to most efficiently, effectively, and equitably meet student academic and social and emotional needs. Todd will explain Livingston Public School's approach and why it has worked.

3) Threat Assessment Crisis Intervention - Dale Stripling

This workshop will cover general school safety with an emphasis on Behavioral Threat Assessment. Information will include updated data for the Secret Service National Threat Assessment Center (NTAC). Also, trends in school attackers (formerly

identified as school shooters) such as gender, weapons, age, motivation, etc. will be discussed.

4) What About YOU! - Jamie VanderLinden

This workshop will discuss and practice reasonable strategies for managing stress, coping with constant change, and improving emotional wellbeing. This will be a combination of presentation and activities.

11:30am to 12:00pm

Lunch served/Lunch programming

12:00pm to 1:00pm

Luncheon Student Panel

1:00pm to 2:00 pm

Panel Discussion on Mental Health Resources moderated by former Governor Steve Bullock

- 1) Shodair**
- 2) CSCT (Comprehensive School and Community Treatment) Coalition**
- 3) Yellowstone Boys and Girls Ranch**
- 4) University of Montana Tele-Counseling Clinic**

2:00pm to 3:30pm

Presentation of 4 concurrent speaker workshops

1) Civilian Response to Active Shooter Events - Kyle Barsness & Cole Conway, Safety Resource Officers -

What should you do if confronted with an active shooter event? This Workshop focuses on the Civilian Response to Active Shooter Events (CRASE) course. It's designed and built on the Avoid, Deny, Defend (ADD) strategy and provides strategies, guidance, and a proven plan for surviving an active shooter event.

2) School Based Health - Dr. Serena Brewer

An introduction to school based health care in the 12th century. Learn how partnerships between schools and medical providers foster supportive learning environments and resilient kids. See a demonstration of telehealth technology being used to bring healthcare into the classroom

3) Leveraging the Power of Digital Tools to Support Social Emotional Learning - Ericha Anderson

Come learn how to leverage the power of digital tools to support student voice, choice, and agency connected to social-emotional learning standards such as self-awareness, social management, and self-efficacy. You will leave this fun and interactive workshop equipped with strategies and resources that will engage students and help them thrive socially, emotionally, and academically in the school environment.

4) Restorative Practices: How to Provide Social-Emotional Supports for the Success of Every Student - Sara Cole (in-person only)

This highly interactive workshop will provide an overview of Restorative Practices, including foundational components,

mindset, and practical proactive and reactive strategies to support the social emotional learning of all students.

3:30pm to 4:00pm

PM Break to visit Exhibitors

4:00pm to 5:30pm

PM Keynote Speaker: The Challenges of Policing, 2020-Present

Lt. Terry Preuninger and Tom Michaud, MA Senior Crime and Intelligence Analyst

Over the past 18 months Law Enforcement across the country have experienced a dramatic change in policing. Covid-19, Police Accountability protests, record setting violent crime, increased mental health calls and changing technologies have ALL impacted the US Policing Model. Preuninger and Michaud will discuss these impacts and their overlap/intersection with school safety and juvenile crime and ways to prepare to move forward during these challenging times.

5:30pm to 8:00pm

Vendor Expo followed by BBQ at Jeremy Bullock Soccer Complex

Wednesday, August 18, 2021

7:00am to 8:00am

Breakfast

7:45am to 8:00am

Morning announcements

8:00am to 9:15am

Presentation of 4 concurrent speaker workshops

1) Combatting Human Trafficking - Andrew Yedinak, Montana DOJ

This workshop will cover an overview of what Human Trafficking looks like, discuss how the Department of Justice is working to combat it, and give you a basic knowledge in order to identify a situation as Human Trafficking and what to then do with that information.

2) Strategies to Prevent School Violence & Youth Suicides - Office of Public Instruction & UM Safe Schools Center

There are several steps schools can take to make schools safer and promote the wellness of students, regardless of their size and location. This presentation will provide an overview of creating safe and connected school climates and expert recommendations for schools to consider. We will also provide an overview into specific strategies to prevent school violence and youth suicide. This session will allow for a comprehensive school safety view around recommendations that can be implemented in schools to increase safety and support students.

3) Adult Strength Based Social and Emotional Teaching and Learning - Kate Stetzner

To cultivate students' social-emotional skills, the adults in your building also need to feel supported and valued. Promoting student SEL starts with adults. In other words: Is your school or district attending to the social-emotional development and self-care of educators and staff? Focus will be on activities to build relational trust as a system to strengthen adult SEL.

4) MT Social Emotional Learning Competencies K-12 -

Holly Mook & Ryder Delaloye

Social Emotional Learning (SEL) as an essential component of a Multi-Tiered System of Support (MTSS) framework and affirms that SEL has a strong return on investment. Competencies that braid academic, behavioral, and social emotional create a common language that builds resilience and promotes essential soft skills which directly translates to teacher retention and workforce readiness in students. In this session, Ryder and Holly will go over the MT OPI SEL Competencies.

9:15am to 9:45am

Break to visit Exhibitors

9:45am to 11:00am

Presentation of 4 concurrent speaker workshops

1) Legal Q&A - Megan Morris, JD

Megan, a legal expert in all areas of school law will be available to answer any questions you may have about current laws with a focus on FERPA (Family Educational Rights and Privacy Act) with regards to sharing information about students in crisis or identified as a risk to self and others. Note: this workshop is for general information purposes and is not legal advice.

2) School Design for Student Well-Being - Klint Fisher & Jason Davis, SMA Architecture + Design

Student safety and security is paramount in the design of K-12 educational facilities. However, a successful school design must also support the emotional, mental, and physical well-being of students during their academic day. When orchestrated properly with other critical design factors, safety and security components can encourage a supportive and welcoming learning environment. This workshop will cover potential school safety risks, layers of protection, components of safety and security systems, and design strategies using case study examples from recently constructed Montana schools.

3) Community and Family Engagement - J.P. Williams

The workshop and discussion will center on how school leaders may be effective in creating student and family engagement partnerships that build and maintain high levels of trust and credibility in school safety practices.

4) Creating a Safe School Environment for American Indian Student- Office of Public Instruction, American Indian Student Achievement Taskforce

This presentation will outline the unique and successful

approaches schools and the American Indian Student Achievement Taskforce (Office of Public Instruction) have taken to improve the safety of American Indian students in the school-setting. Participants will gain insight on the safety needs of American Indian students and how to support those needs. Participants will also be presented with the school safety model developed by Heart Butte School District which offers a new perspective on the elements necessary for creating a safe school environment for schools within and outside of Montana's tribal nations.

11:00am to 12:00pm

Closing Keynote Speaker - Ryan Busse

Discussion on common sense, responsibility and decency as critical components of a healthy democracy.

Noon

Summit Closing Remarks
